

Release Notes

Desktop Version: 8.2518.13

General : 1 change(s)

Bug Fix : 1 change(s)

MedDebs: Invoicing - Balanced Billing issue on procedure code when 0036 is applied

Dev Ref: 41754

Related Issue: No Issue

A patient portion calculation error affecting GP anaesthetists has been resolved. The issue occurred when the billing group was configured for compound billing with a patient portion and was limited to GP practices.

Hospital : 1 change(s)

Bug Fix : 1 change(s)

Hospital: MedDebs - Invoicing Non-Medical debtors selects incorrect patient

Dev Ref: 41772

Related Issue: 808711

Addressed the issue where invoices for Non-Medical debtors could be created under the incorrect patient. Users can now correctly select and invoice the intended patient in hospital entities.
