

## General : 2 change(s)

### Bug Fix : 1 change(s)

#### **GXOptions: Debtor Transactions - Billing Group Linking not saving when changed**

Dev Ref: 43635

Related Issue: No Issue

Resolved a problem that prevented the billing group settings on System Options from being successfully updated from Medical Aid to Debtor.

### Development : 1 change(s)

#### **GXManage: Medical Aids - Limits medical aid option names at 40 characters**

Dev Ref: 43634

Related Issue: No Issue

Development was completed to allow full medical aid option names during Medprax imports. Previously, names were cut off after 40 characters. This limit has now been removed so that option names can be imported in full.

## GxPrices : 4 change(s)

### Data Services : 1 change(s)

#### **MedDebs: Lists - Local medical aid codes may not start with letter 'G'**

Dev Ref: 43633

Related Issue: No Issue

Development to prevent users from adding Medical Aid administrators, schemes, or options starting with the letter 'G' has been completed.

### Development : 1 change(s)

#### **GXManage & MedDebs: Pricelist Management - Pricelist description/name cannot be changed if owned by GoodX**

Dev Ref: 43632

Related Issue: No Issue

Development has been completed to restrict users from modifying the names of GoodX-owned pricelists.

### Request : 2 change(s)

#### **GXManage: Pricelist Management - Manage local pricelist descriptions**

Dev Ref: 43179

Related Issue: No Issue

Development has been finalised to include Local Descriptions on the price list management screen.

Desktop Version: 8.2518.20

---

## GXPrices: Pricelist Management - Added radio group to show or hide inactive pricelists

**Dev Ref: 43636**

**Related Issue: No Issue**

Development to add an option allowing users to display or hide inactive pricelists using a visible radio group control on the pricelist screen was completed.

The new radio group provides three filtering options: Active, Inactive, and All, allowing users to control the display of pricelists directly from the screen. The Active option is selected by default when opening the screen. If the display of inactive pricelists is not enabled, the radio group will remain hidden.
