

# Release Notes

Desktop Version: 8.2519.14

## General : 2 change(s)

### Bug Fix : 1 change(s)

#### MedDebs: Admittance - Fix error when saving non-medical debtor

Dev Ref: 43310

Related Issue: No Issue

Addressed the issue where a SQL error would raise when adding non-medical debtors.

### Development : 1 change(s)

#### GXManage: Pricelist Management - Import value-added data from Medprax zip files if available

Dev Ref: 43187

Related Issue: No Issue

Added 'GoodX Discontinued' and 'Discontinue on' date fields on the Scheme, Options, and Administrator screens. These fields help both users and the GoodX team to manage discontinued items more accurately.

## Hospital : 1 change(s)

### Bug Fix : 1 change(s)

#### Hospital: Pricelist Management - Per Diem/ Fixed Fee setup error creating new per diem column

Dev Ref: 43157

Related Issue: No Issue

Resolved the issue where the Fixed Fee/ Per Diem setup screen displayed an error when creating a new Per Diem Column.

## Reports : 1 change(s)

### Bug Fix : 1 change(s)

#### MedDebs: Print - VAT not displaying on Journal transactions on the Debtor Drilldown Report

Dev Ref: 43370

Related Issue: 935507

Addressed the issue on the Debtor Transactions Drilldown (Daybook) report where Journal transactions did not display the VAT amounts.

## Stock : 1 change(s)

### Bug Fix : 1 change(s)

#### Stock: Corrections - SQL error when selecting 'Add to Batch' button during Stock Take process

Dev Ref: 44736

Related Issue: No Issue

Addressed the issue that would occur when selecting the 'Add Single Item' button on the Stock Take screen.
