## DevOps : 1 change(s)

### Request : 1 change(s)

#### Reports: Invoice Management - Add CCA filters to Invoice Management list screen

Dev Ref: 44283

Related Issue: No Issue

Functionality has been enhanced to add CCA filters to the Invoice Management list screen.

## General : 15 change(s)

### Bug Fix : 11 change(s)

#### Clinical: Eye Eval 2 - 'Keratometry' dropdown button text overflow and misaligned dropdown at 1920x1080 resolution

Dev Ref: 39450

Related Issue: No Issue

Addressed a display issue where the 'Add Multiple Images' option from the External Upload dropdown menu did not render correctly.

#### Debtors: Account details - Incorrect details display on Bad Debt journal

Dev Ref: 41328

Related Issue: 911429

Addressed the issue where journals displayed the incorrect details.

#### Debtors: Patient File - Unable to add Chronic prescriptions to Medical History

Dev Ref: 44488

Related Issue: No Issue

Addressed the issue where an error occurred when adding chronic medication items to a patient's medical history.

## Debtors: Patient File - Unable to add script items on Medical History (Chronic Items) due to errors

Dev Ref: 44481

Related Issue: No Issue

Addressed the issue where chronic script items could not be added on Medical History.

## Diary: Booking - Unable to view or change patient photo from the diary

Dev Ref: 44762

Related Issue: No Issue

Addressed the issue where users were unable to view or update a patient's photo on the diary's sidebar.

## Diary: Clinical - Buttons broken on PDF Printover Form

Dev Ref: 44989

Related Issue: 979095

Addressed the issue where buttons on the PDF printover form were not functioning as expected.

## Diary: Clinical - Restore bullet point functionality on Report WFE print

Dev Ref: 45012

Related Issue: No Issue

Restored the bullet point functionality on the Report WFE print.

## Diary: Clinical - Warning on customisable events

Dev Ref: 44487

Related Issue: No Issue

Addressed an issue where using the Copy Forward feature on specific customisable events - specifically the Eye Eval2 and Examination forms - triggered an error when opening subsequent events.

## Diary: Operation booking - Can't SMS or email from Operation workflow event from diary

Dev Ref: 44613

Related Issue: 972701

Addressed an issue that prevented users from sending SMS or Emails directly from an Operation Workflow Event within the Diary.

## Diary: Theatre booking - Treating practitioner displays empty for certain booking types

Dev Ref: 45003

Related Issue: No Issue

Addressed the issue where the treating practitioner field displayed as empty for certain booking types.

## Reports: Reports - When loading a drilldown report showing the incorrect dates

Dev Ref: 44756

Related Issue: 975504

Addressed the issue where drilldown reports displayed incorrect dates when loading.

## Request : 4 change(s)

### Debtor: Clinical - Correct placement of 'New Task' button

Dev Ref: 44348

Related Issue: No Issue

Functionality has been enhanced by improving the placement of the 'New Task' button to make it easier to access and use.

### Diary and Debtors: Clinical Events - Border around Signature

Dev Ref: 44552

Related Issue: No Issue

Added a visible border around signature fields to provide a clearer touch target. This makes it easier for patients and providers to stay within the designated area when signing on tablets or mobile devices.

## Diary: Theatre Manager - Display surgeon name on hospital entity & fix average round time

Dev Ref: 44776

Related Issue: 977146

Functionality has been enhanced to show the column Surgeon when on a hospital entity and Hospital on other entities. Additionally, the Average Time calculation has been corrected to ensure accurate figures are displayed in the Theatre Manager.

## Theatre Lists: Add syncing indicators to theatre lists

Dev Ref: 45005

Related Issue: 977295

Functionality has been enhanced to display clear syncing indicators on the Theatre Manager, allowing users to see whether the Theatre list syncing is complete, partially complete, or not complete. The status now appears alongside action buttons for better visibility.
