

Release Notes

Release Version : myGC_2.43

General : 3 change(s)

Bug Fix : 3 change(s)

Bookings: Booking Confirmation - View Forms button and ellipsis menu are missing on the mobile

Dev Ref: 46368

Addressed the issue where the `View Forms` button and the option menu (three dots) were missing from the booking confirmation screen when viewed on mobile phones or smaller screens.

Demographic request: Medical aid option field incorrect input issue

Dev Ref: 44368

Support Ref #: 964786, 1013788

Addressed the issue where an invalid Medical Aid option could be selected and submitted on the Demographic Request form, resulting in a blank field being imported into GoodX Web.

External booking link: Fix external booking empty timeslots

Dev Ref: 46312

Addressed the issue where external booking links displayed empty time slots.

Release Notes

Release Version : myGC_2.43

mygc : 3 change(s)

Bug Fix : 3 change(s)

Bookings: Fix booking confirmation authentication

Dev Ref: 45920

Addressed the issue where entering an incorrect password resulted in an infinite loading state instead of displaying the Authentication Failed screen.

Demographic Request: Medical Aid details not syncing correctly to GXWeb

Dev Ref: 41583

Support Ref #: 922263, 922277, 924151, 924929

Addressed the issue where patient Medical Aid details from the Demographic Request were not syncing correctly to GXWeb.

Medical History Request: Patient Medical History form resets and loses data on submission

Dev Ref: 45870

Addressed the issue where medical history requests failed to save on the final tab and return patients to the first tab, causing entered data to be lost when some fields or tabs were left empty.
